This seminar has been endorsed by APEC number 020030901 as authorised by Royal College of Nursing, Australia (RCNA) according to approved criteria. Attendance attracts 6.0 RCNA CNE points as part of RCNA's Life Long Learning Program (3LP).

The Day Surgery process, often characterised by a quick turnover, can place special strains on safe nursing and medical practice. This interactive workshop is designed to lessen the risk of the hospital, managers and staff being involved in the coronial investigations and litigation There will be an emphasis throughout on documentation and the safe administration of medication.

Topics and cases include: Documentation – what story will it tell; The consent process – disclosing the risks; the consent form; withdrawal of consent during procedure; conditional consent; Duty of Care – safe systems/foreseeable risks in: The environment/process/aged care patient; Staffing; Equipment; Selection process – is the patient suitable for day surgery? Discharge planning; Test results – whose responsibility? Preparation/positioning/the count; Medication; Recovery stages – observation & monitoring; Two assaults; The patient wants to drive home; Discharge & follow up; OH & S issues.

At the conclusion of the workshop participants will have a comprehensive list of warning signals to assist in risk management & safe practice in their hospital.

Presenters:

Amelda Langslow LLB, is a lawyer working in Health Law Education who has a long association with nurses working in all areas of Perioperative Nursing.

Anne-Marie Scully RN; RM; Cert.Management; B.App.Sci.; M(N) brings an extensive background in nursing and research and is currently investigating safe systems of drug administration in hospitals
